I am the mother of a wonderful little boy with special needs who is also terminal. I could never put into words all my thoughts and feelings. Ms. Buck did that beautifully and with

heart. I reread it often and share it with other parents needing the encouragement that she bestows with her wonderful writing. Thank you! 1 von 1 Kunden fanden die folgende Rezension hilfreich. Read it now! Von Phil Swanwick Somehow, Michener and Buck managed to cram an epic into under 200 pages. A revealing look at American society and one life that ended in tragedy - or was it rapture? Little can be said that will not give away key book elements, only this: Read it now! English majors and profs especially. End. 0 von 0 Kunden fanden die folgende Rezension hilfreich.
