Nice memory of our trip through afirca and our stay in teh green turtle lodgeVon AfrikareisefanMany memories came up, while reading the book, both on the nice and funny sides as well as on the rather ridiculous sides of every day live as a

long-term-traveller in Africa. The situations are describe very well and I could re-live the emotion that I was exposed to. I admire the patience and endurance of Tom and Jo, which are very well captured in the book. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Authentic Von Gisela Albus This book is for all Ghana-overs and all those who want to visit Ghana. So many chapters where I couldn't stop laughing, so many loving descriptions of tiny details. I have never read a book that was written with so much love and compassion for a country. But how can you not love Ghana!

KurzbeschreibungThe Coconut Contract is the true story of a young English couple, brave and naive enough to attempt to follow their dream of establishing an eco-lodge on a tropical, paradisaical beach in Ghana, West Africa. From sluggish, un-hurried negotiations with the chief under a palm tree to muscle-wrenching construction work; from the arrival of the first guest to the usurping of the village chief, which culminates in the murder of a young man; the couples fierce determination combined with their passion for Africa, help them battle against adversity to realise their dream. The narrative is written with passion and has an immediate style that is inclusive, engaging and at times humorously self-deprecating. The story is fuelled by the energy and sharp observation of youth, yet underpinned by knowledge that is firmly grounded in experience. Life in Ghana is described with loving detail, which brings alive all the sights, sounds and smells of Africa, together with the characters that populate both urban and rural life, in a way that no guide book can ever hope to achieve. The pace of the book contrasts the urgency of desire with the lassitude of life in the tropics and will have the reader both sitting on the edge of their seat and lounging back to luxuriate in the exquisitely detailed descriptions of life as it is lived in Ghana. Informative, beautiful, hilarious, troubling and inspirational.
