**Von David Seidman : The Complete Sailor, Second Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Sailor, Second Edition:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. This Book does not "Assume"! And you know what happens...Von mpetri@sprintmail.comSailing is filled with intricacies of terms and techniques. The more knowledgeable I become of sailing, the more questions I seem to have. Wish I had found this book when I started sailing. Now, as a sailor of some experience, I find this book re-teaching me the basics in a way that answers more questions than it creates. Other books leave out explanation of terms and/or subjects and otherwise assume reader knowledge. This book covers sailing in a way that is thorough yet concise. The drawings and diagrams are extremely successful in deploying the author's subject. The information is complete without being textbook. It is enjoyable. If I had to rebuild my sailing library today, this would be the first but on the self!0 von 0 Kunden fanden die folgende Rezension hilfreich. An excellent, well thought out book.Von cbb@black-hole.com The

Spinnaker Group/Women In The Wind We operate a sailing school (Women In The Wind) here in Minnesota. Because of how this book is written, for the past two years we've selected it to be included in a packet of information we present to our students. Our classes are taught "hands on". That is that the students learn by doing. Therefore we don't use a "text book" as such. We do, however, encourage our students to read *The Complete Sailor*, at their leisure; to use it to refresh their memories of what they experienced and learned; but most of all, to ensure their view of sailing remains always challenging, and always positive. It's as if this book were written for us. Perhaps it was.

0 von 0 Kunden fanden die folgende Rezension hilfreich. For beginners Von Ein Kunde This book covers a wide area in sailing. Some things aren't relevant to the learning to sail. The author tried to fill the pages with words. I was unable to pick up much valuable knowledge from the book. This book is only suitable for beginners or people who want to know a little about sailing.

Kurzbeschreibung This is not just an instructional book---it's an insight into a sailor's approach to the sea, boats, and the ever-changing dynamic of wind on the water "A learn-to-sail book with heart."--WoodenBoat "A real winner...a masterful blend of straightforward text with delightful and instructive illustrations. Quite simply a great primer on sailing and the world of boats for readers of all ages."--Cruising World "Teaches sailing with flair and poetry."--SAIL "A great walk-through for the novice, both entertaining and thorough."--Sailing "Sits in a class by itself. Elegantly simple, encyclopedic in scope, and a delightful reference for any novice with lots to offer intermediate sailors, too."--Kalamazoo Gazette If you never sailed, sailed once, or have sailed for a lifetime, this book is perfect for beginners but deep enough content for those interested in going beyond basics. Revised and expanded to include racing and GPS navigation, *The Complete Sailor* is not just a how-to sail book, but a book that teaches you how to become a sailor. Inside you'll find: An all-in-one, comprehensive introduction to sailing Up-to-date information on techniques and approaches offered by the changing nature of the sport Exquisite pen-and-ink illustrations Topics include: Wind Sense; Working Winds; Getting Underway; The Boat; Rigging; Sails; Under Power; Rules of the Road; Anchoring; Ropework; Marlinspike Seamanship; Emergencies; Sea and Sky; Navigation; Racing; Trailing

Pressestimmen "A real winner...a masterful blend of straightforward text with delightful and instructive illustrations. Quite simply a great primer on sailing and the world of boats for readers of all ages." Cruising World 20100610 "Teaches sailing with flair and poetry." Sail 20100610 "A great walk-through for the novice, both entertaining and thorough." Sailing 20100610 "Seidman's explanation of wind and sailing is a work of art." The Herald 20100610 "A learn-to-sail book with heart." WoodenBoat 20100610
