MANGA, Graphic novel.Von Detra FitchWhile Kyrian of Thrace was out fighting the Romans, his wife was at home welcoming them into her bed. For a chance to kill the wife who betrayed him, Kyrian swore his allegiance to Artemis and fights as a Dark-Hunter in her army against the daimon predators. Artemis has Kyrian's soul and he is immortal until something finally kills him. Believing all women are treacherous, Kyrian has spent over twenty-one hundred years alone. Every night Kyrian prowls the streets protecting humans from, not only the normal evils of humanity's

nature, but also from daimons out to steal their very souls. After being ambushed one night, Kyrian wakes to find himself handcuffed to a beautiful human female. Amanda Devereaux just wants to be normal. The rest of her large family can practice spells, hunt vampires, and do all the paranormal stuff. Amanda has rejected and suppressed her powers since she was a child. Unfortunately for her, fate will not leave her in peace. Mistaken for her vampire hunting sister, Tabitha, Amanda is kidnapped and handcuffed to the most handsome and arrogant man she has ever laid eyes on. As much as she hates the thought, Amanda and Kyrian are stuck with each other. Once free of the cuffs, Amanda is still marked for death. By day she can go and do whatever she pleases, but until Kyrian can find and kill the daimons toying with them, Amanda must spend her nights either by Kyrian's side or within his fortress of a home. Amanda is the key to everything. Should Amanda die, so does Kyrian, and humanity is doomed.***** FIVE STARS! I have always wanted to read the Dark-Hunters series, but never had the time. So I am thrilled to find out that the series is being released as a graphic novel, manga style. Manga style basically means everything is backwards. The beginning of this graphic novel is where the back normally is. The right page is read before the left page. On each page you must read/view the panels right-to-left as well. Do not worry. Within a single minute you will have the rhythm and the action begins. This volume is NOT a stand-alone story. It ends at a dramatic spot and will be continued in the next volume. This manga novel does not just ooze drama; it hemorrhages with excitement in a paranormal world that will surprise you. Most excellent! *****Reviewed by Detra Fitch of Huntress Reviews.0 von 1 Kunden fanden die folgende Rezension hilfreich. Sad but true! Von Romilly McArani I loved the books and bought the Manga!... and hated it! Either someone drew whoa. was a beginner b. no talent (not likely) or c. someone with no time! (most likely) It lacks in backgrounds, all characters have an equal look of "beauty" - even the characters who shouldn't! - and they changed one of the most important scenes: Kyrian lost his power after a round of sex with Amanda NOT a round of cuddling in PJs and a kiss! (And I hate how young (immature!) the characters look!) The eyes are a problem, too... most of the time Kyrian's look normal... On the other hand it is still a lovely story... but someone who didn't really care nor has read the books before has drawn it... So two stars because the story is still good but the rest ;-(Dark Hunters Volume 2 (Dark-Hunter Manga) #The Dark Hunters 01 #Dark-Hunter Novels)

Kurzbeschreibung In the war against vampires, mankind has only one hope: The Dark-Hunters. Ancient warriors who died of brutal betrayal, the Dark-Hunters have sworn themselves into the service of the goddess Artemis to protect us. It's a pact with pretty good perks. Immortality, power, psychic abilities, wealth and a cool wardrobe. But it comes with a few drawbacks: fatal sun poisoning and a new, irreparable dental problem. But aside from the fangs and nocturnal lifestyle, it's not so bad. Until Kyrian meets the most frightening thing imaginable. An accountant who's being hunted by one of the most lethal vampires out there. If Amanda Devereaux goes down, so does he and no offense, he doesn't want to die (hence the whole immortality thing). And he doesn't want humanity dead either which is a good thing for us since he and Amanda are all that stands between us and oblivion. Let's hope they win. From the wild imagination of Sherrilyn Kenyon comes the humorous and suspenseful manga debut of the #1 internationally bestselling Dark-Hunter series. The world of manga will never be the same again.
