Von Jae K. Oh, James B. Seward, A. Jamil Tajik : The Echo Manual before purchasing it in order to gage whether or not it would be worth my time, and all praised The Echo Manual:

KundenrezensionenHilfreichste Kundenrezensionen0 von 2 Kunden fanden die folgende Rezension hilfreich. A great quick referenceVon Ein KundeAn excellent and comprehensive text for beginning echocardiographers as well as a great reference for quick reviews.

KurzbeschreibungThoroughly updated for its Third Edition, this best-selling manual is a practical guide to the performance, interpretation, and clinical applications of echocardiography. The Echo Manual is written by recognized

authorities at the Mayo Clinic and provides a concise, user-friendly summary of techniques, diagnostic criteria, and quantitative methods for both echocardiography and Doppler echocardiography. Discussion of each clinical problem also includes transesophageal echocardiography. This edition covers the latest techniques, standards, and applications and includes new contrast agents. All references have been updated. More than 900 images well annotated and true to gray scale and color give readers an immediate grasp of salient points. *Kurzbeschreibung* Thoroughly updated for its Third Edition, this best-selling manual is a practical guide to the performance, interpretation, and clinical applications of echocardiography.
