Von E.A. Wallis Budge : The Egyptian Heaven and Hell (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Egyptian Heaven and Hell (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.
Outdated and QuestionableVon Ein KundeThis is actually three books in one which deal with the Amduat and the contents of other underworld books. The book contains the hieroglyphic text, as well as, a translation of the Amduat.

Although Budge's translation and conclusions are highly questionable the book is still of some use. If there was another English translation of the Amduat, this book probably would have received one star.0 von 0 Kunden fanden die folgende Rezension hilfreich. The Egyptian Heaven and Hell: Three volumes Bound as One Von Haley Wales In my opinion, this was a very good book. The author knew what they were talking about. They made it clear to me about the beliefs of heaven and hell in ancient Egypt. It was a good translation of the hieroglyphs and I would recommend it to anyone.

Kurzbeschreibung [This version has been custom formatted for Kindle, checked for typos, and includes an interactive table of contents.] This text explains the Ancient Egyptian understanding of the Tuat: an alternate reality teeming with activity, directly tangential to the three dimensions of mundane experience. The Tuat was the region of the starry sky that Ra traversed during the night, and the transcendent plane from which the human soul projects into the physical. The walls of every tomb, regardless of social strata, contained descriptions of the Tuat, its inhabitants, and portals. Kurzbeschreibung [This version has been custom formatted for Kindle, checked for typos, and includes an interactive table of contents.] This text explains the Ancient Egyptian understanding of the Tuat: an alternate reality teeming with activity, directly tangential to the three dimensions of mundane experience. The Tuat was the region of the starry sky that Ra traversed during the night, and the transcendent plane from which the human soul projects into the physical. The walls of every tomb, regardless of social strata, contained descriptions of the Tuat, its inhabitants, and portals. Synopsis 1905. Three of Three Volumes. With over 180 illustrations. This is a three volume collection of texts and commentary about the Ancient Egyptian alternate reality called the Tuat. The Tuat was both the region that the boat of the Sun God Ra traversed during the night, and the place where inhabitants of this world went after death. A description of the Tuat, and its inhabitants and portals, was inscribed on the walls of the tombs of all social strata. Contents: Volume I. The Book Am-Tuat; Volume II. The Short form of the Boo Am-Tuat and The Book of Gates; and Volume III. The Contents of the Books of the Other World Described and Compared. See other titles by this author available from Kessinger Publishing.
