Von Hans Christian Andersen : The Emperor's New Clothes: (English-German, Illustrated) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Emperor's New Clothes: (English-German, Illustrated) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. A delightful gemVon Alexa RavenGenerally, I do not care for audio books; many of the readers speak in a dull voice

that rapidly drives me either away from the story or to sleep. However, there are a few exceptions; this is one. Understand, that this is not the normal audio book; this edition has a large cast of actors who collaborated to produce this item as a fund raiser for Starbright. The result is an ensemble piece that is witty and charming. Part of the fun for me, was guessing who was reading before looking at the cast list included in the box. Other folks feel that this isn't for children; I don't know as I don't have children, but I found that my "inner child" was highly entertained for 40 minutes with this tape. If you are a fan of one or more of the actors in this edition or like puns (there are many here!), then you will probably like the Starbright edition of the Emperor's New Clothes. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Classic tale has taken a new twist. Von Ein Kunde Anderson's classic tale of the Emperor has taken a new twist with an elegance never before found in art work. The setting has changed to the early 1900's with cars, planes, pet dogs as part of royalty. I think it will appeal to a mature audience. One could browse the pages as if they were a museum. The dogs are a marvelous touch. Looking under a stand-up mirror is an adorable belly-up dog watching the emperor as he puts on his magnificent clothes. All one sees of the emperor at this point are two bare feet. Two pups are gleefully making off with the emperor's cocks. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A Wonderful Way To Read With Your Child Von Ein Kunde The format of this book and the others like them give a young reader a very enjoyable experience. The adult side helps to embellish the story but the children's side lets a new reader be part of the story not just a listener. Our first grader takes great pride in his part of the book and seems to have better comprehension. These are a great find.

Kurzbeschreibung The book includes famous fairy tale The Emperor's New Clothes by Hans Christian Andersen fully illustrated all-color (11 color illustrations) by Maria Tsaneva and adapted in corresponding English-German paragraphs. The book is an excellent way to read Paragraph by Paragraph Translation along your kids. Your little one can follow along as each individual English paragraph is paired with the corresponding German paragraph. The paragraphs are not long, so there is no need to do a lot of back and forth to see the German translation and the English text. The text is relatively simple vocabulary and grammar wise, but not very simple at all, so for beginners this should be a great challenge. From Booklist In this high-spirited adaptation, Tharlet captures perfectly the satire and mischievous fun of a perennial favorite. Rich with historical details, the full-page spreads show the bustle of the town and the excitement as the boastful strangers arrive, work their way into the palace, labor over their imaginary cloth, and send His Majesty through the streets in a suit of long underwear. The watercolor-and-pencil illustrations enhance the story's inherent appeal with clear, visual characterizations of the prissy, vain king; the bumbling, idiotic ministers; the devious con men; and the clear-eyed, precocious boy who calls out the truth. Using soft-edged colors, simple dot-eyed faces, and silly hairstyles, Tharlet infuses the story's humorous moral lesson with playfulness that's perfect for story hours, while the well-written, simple text is suitable for beginning readers. Gillian Engberg Copyright American Library Association. All rights reserved From Kirkus s The Emperor's New Clothes (28 pp.; \$15.95; Feb.; 1-56397-699-4): This is not so much a new edition of Andersen's classic as it is an opportunity for Archipowa to demonstrate her skill with watercolors. They have a great delicacy that is almost filigreed at times. The two swindlers have their wicked intent etched into their faces, while the royal retinue sport a good variety of expressions to show their confusion. The illustrator also has a fine time capturing gestures, e.g., the swindlers feigning their weaving and tailoring. Fittingly, because this is a story about clothes, Archipowa has expended much energy on the finery worn by the characters in the story.
