Von Clara Wiggins : The Expat Partner's Survival Guide (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Expat Partner's Survival Guide (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The expat and spouse experience made manageableVon AngieWeinbergerI came across "The Expat Partner's Survival Guide" by a coincidence. It is a greatly written and very helpful book for any expat and their spouse who is ready to move abroad in whatever capacity. As a Global Mobility Expert I do not know of any other guide for this topic which is so helpful. The way it is structured follows the assignee and spouse experience I have studied and explained as well

in my own book. Claire also shows additional resources. When we run intercultural coaching sessions with expat spouses one of the recurring themes is the amount of tasks that need to be handled during the move and settling in period. Together with culture shock, this experience can be overwhelming. I advise to read the book and seek expat spouse coaching as well.

Kurzbeschreibung "Amazing - full of information. I wish I'd had this book when I first became an expat wife" - Brigid Keenan, author of *Diplomatic Baggage and Packing Up*. From how to organise an overseas move to what to do in the event of an earthquake, the *Expat Partners Survival Guide* is a light-hearted yet in-depth guide for anyone accompanying their partner on an overseas assignment. In our increasingly globalised society, more and more people are moving to another country to work and many of these people are taking their partners and families with them. What does it feel like to sit at home alone in a strange country on the first day your partner leaves for work? How easy is it to find the right school for your child and what happens if your child hates it there? Where exactly are you going to track down all the ingredients needed for tonight's dinner? And what happens when it all goes very, very wrong? This authoritative guide draws on the expert advice of more than 70 expat partners who have been there, done that and survived to tell their tales. The experts include author Clara Wiggins, who spent her childhood as a trailing daughter accompanying her diplomat parents on various exotic postings including the Philippines and Venezuela. She later saw life from the other side, when was posted to Jamaica and then took her young family on her husband's postings to Islamabad and St Lucia. She is currently preparing for another move, to South Africa.

ber den Autor und weitere Mitwirkende Born in Cuba to British diplomat parents, Clara started travelling as a baby and hasn't stopped since. She's lived in eleven countries on five continents, and visited nearly 70. She will soon be on her way to country number twelve South Africa. Along the way, Clara has picked up a husband and produced two daughters. She's worked as a journalist, a diplomat, a writer, a press officer, an antenatal teacher, a customer service advisor, a PA, a coffee shop waitress and a school cook. Which only lasted for a day. If Clara had any spare time she would spend it diving and getting better at taking photographs. In reality, she spends her days writing, looking out of the window and picking things up off the floor.
