Von Ein KundeI had a copy of The Mother's Almanac when my kids were little (twenty years ago!) and used it frequently. I purchased several copies of The Father's Almanac during the 1980s as gifts. I recently bought a copy as a gift for a young man I work with. The ideas are still great! My only suggestion would be that the next time they revise the book - they revise the photos!

Von pachiano@write.meI have the older copy of this book for myself. I am ordering a copy of the latest edition for my brother-in-law (my Sister's Husband). It has practical advice, and many unique ideas. It is told in a straight forward, non-judgemental manner. Good luck to all Father's out there.

Von Ein KundeThis book is a wonderful collection of things Dads need to know. Humorous and easy to read and also a great reference filled with practical everyday projects and activities to share with your child from infancy to pre-teen. I highly recommend Family Hugs!
