examines biblical prophecy on the end times, the ancient history of the Middle East, the origin of Shia Islam, the story of Esther and Mordechai in the Book of Esther and various passages from the Book of Revelation. In this regard, I highly recommend *Ruth Esther: Shadows of our Future* by Frank Morgan as supplementary reading. Chapter Two deals with the Left-Liberal onslaught on America's Judeo-Christian values, showing how this bankrupt leftist ideology is waging spiritual warfare against the country and why it hates Israel, Christians and the Bible. This is the real cause of Bush Derangement Syndrome and these leftists hated Ronald Reagan as much as they hate President Bush. Please consult *Unhinged* by Michelle Malkin and *What's Left* by Nick Cohen to learn just how deranged some of these people have become. Chapter Three discusses the report of the 2006 Iraq Study Group - a document of appeasement that encourages the enemy and would reward it while treating friends like enemies. Withdrawal from Iraq would not only cause chaos and terrible loss of life in that country but will bring terrorism to the soil of the United States. The next two chapters explore the co-operation between the rogue states of the Axis of Evil. The author reveals how Iran and Syria are involvement in the terrorism in Iraq and how these countries are trying their best to foment a civil war. Syria has long acted as a go-between to supply Russian weapons to Iraq. More information on Syria may be found in Barry Rubin's book *The Truth About Syria*. The last chapter of Part One investigates Iran's nuclear ambitions, its role in the Iraqi unrest, its alliance with Russia and its proxy wars through terrorist organizations like Hezbollah and Hamas. More information is available in the books *Showdown With Nuclear Iran*, *Atomic Iran* and *The Iran Threat*. Part Two, chapter 7, shows how Jimmy Carter a.k.a. The Grinning Peanut opened the Pandora's Box of Islamic terrorism when he lost Iran to Khomeini. His disastrous legacy and hopeless incompetence is dissected, as well as his treasonous activities up to the present. Recently he published a shameful book low on facts and high in propaganda in which he sides with the enemy whilst libeling Israel. Of course his Carter Center is funded mainly by petrodollars from Saudi Arabia. The main weaknesses of Carter's mindset and that of liberals in general are their pacifism, their self-loathing and their complacency. They do not understand that one cannot reason with the unreasonable. Chapter 8 takes a closer look at Ahmadinejad and his fanatical beliefs. Deterrents like MAD (Mutually Assured destruction) will simply not work with the type of enemy the West is facing now, since they believe in death while we believe in life. The possibility of terrorist nuclear attacks against American cities is very real; see *Future Jihad* by Walid Phares. Chapter 10: *The Battle For The Soul Of America* revisits the assault on Judeo-Christian values since the 1960s and includes discussions of the left's tolerance for evil and the destructive effects of political correctness. It also examines the recent history of Israel/Palestine, shows how the left has taken up Palestinianism as their cause du jour and how the anti-war protests were organized by sinisterist groups that hate Israel and the USA. These protestors are not for peace or against war; they are on the other side. Certain churches form part of the liberal war against America's spiritual and moral foundations, especially those in the National Council of Churches. The Epilogue is a travelogue through Kurdistan, the northern third of Iraq that is peaceful and prosperous. Kurdistan is a great success but this is ignored by the mainstream media. The Appendices are by themselves worth the price of the book: A: Ahmadinejad's Letter to President Bush B: Ahmadinejad's Letter to the American People C: Excerpts of Interview with Benjamin Netanyahu D: Excerpts of Interview with James Woolsey E: Excerpts of Interview with retired Genl Hugh Shelton F: Excerpts of Interview with retired Navy Capt Charles Nash G: Excerpts of Interview with retired IDF Lt-Genl Moshe Ya'alon H: Excerpts of Interview with Alan Dershowitz I: Excerpts of Interview with Mort Zuckerman J: 21-Day Study of Iran, Iraq and Israel in Biblical Prophecy, with two maps: Ancient Persia and The Modern Middle East. There are 10 pages of Notes arranged by chapter, a biography of the author and an index. The author makes a convincing case that the Islamic revolution is spreading and has become the greatest threat to the West; premature withdrawal from Iraq would bring the war to America; Iran must not be allowed to go nuclear; Israel must not be pressurized to give up any more land to appease the terrorists. Finally, the right thing to do for Christians and all who hold freedom dear is to stand with Israel. **Kurzbeschreibung** In *The Final Move Beyond Iraq*, Mike Evans addresses the greatest threat America has faced since the Civil War: the Islamic revolution, or Islamofascism. While the United States debates the best way to solve the situation in Iraq, the terrorists are claiming victory and planning to take their show to American soil once again.
