Von Burt Harding : The Fire Mystery of Awareness (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Fire Mystery of Awareness (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Utterly blissfull!Von Huber ClausDear Readers,its just about half an hour ago, that I have red "the fire and mystery of

awareness", from bird burt harding, and I have to confess: it is without words how inspiring and how deep it touched me. Not only because of its clarity, yet because of its inner beauty and truth beyond rational mind. If you dare to go one step further than ever before: read this lovely, mysterious book which invites you to see clear what you are and what you think you are. It's your choice, take it, and don't you hide in plain sight anymore! I have read maybe hundreds of books of advaita, spirituality, non-dualism and so on... this one is a special one! All the best to you all! Thanks for Bird Burt Harding to offer his soul and love so unconditionally! 0 von 0 Kunden fanden die folgende Rezension hilfreich. very helpful ... Von Harald Nyssen This book is highly recommended for spiritual seekers. It is absolutely clear written and content of miracles. The best book for a long time about the awakening

Kurzbeschreibung Most spiritual aspirants face confusion during the process of moving from intellectual knowledge to the actual experience of their innate Wholeness when ordinary consciousness is intermixed with pure awareness. Pure awareness and consciousness are vastly different and opposites. Once there is a clear cut understanding of the difference then, and only then, comes the very recognition that will bring an awakening to the truth of our Oneness. Containing the missing link, this book is about finally awakening to the Presence you are and always have been.
