Tarkington's First WorkVon Ein KundeA prolix novel about a small town in Indiana called Plattsville. A stranger from out of town arrives and buys the failing (and laughable) newspaper and turns it into something worth reading. In the process, the strange, Harkless, expels political scoundrels and angers the "white-caps" (ala, KKK) in the suburb outside of town.This is also a characteristic and somewhat predictable love story that Tarkington delivers so easily, with a bit of a surprise ending for the reader. The book is wordy and contains mellifluous descriptions that drone on.

However, despite it being slow, it picks up about 50% of the way through and delivers a solid story.
