conveying the overwhelming power of God's grace.

Kurzbeschreibung Does God's mercy really "endure forever," as the Bible says? This book says absolutely yes, affirming forgiveness for the unfaithful spouse, the addict, the abuser, the corporate thief. While the path forward is not simplistic (yes, it involves genuine repentance and confession), it is still realistic. Through powerful real-life stories as well as biblical teaching, the God of second chances is highlighted. He views us not merely as we are, but as what we can be. Hence, there's great reason for hope. (Previously published under the title "Another Chance--How God Overrides Our Big Mistakes")
