Thorough yet IncompleteVon GRH "Ex WHA Jet" This photo biography with commentary underlines the special relationship Bobby Hull had/has with the City of Chicago, as that city's most revered sports icon. The fact that his reconcillation with the Black Hawks organization contributed to that franchises renaissance is remarkable, considering that he left the team in 1972 under less than amicable circumstances. Chicago sports fans who were not even born when he left are aware his legendary excellence as hockey's best Left Wing Forward of all time. One has to wonder though; who really commissioned this book? Hull or the Black Hawks? Hull emphasizes the greatness of the Black Hawk organization throughout the book, fair enough. But the fact that he makes no mention at all of the great hockey he played in Winnipeg with his Hot Line teammates, Ulf Nilsson and Anders Hedberg is troubling. Hull is justifiably proud of his numerous 50+ goal seasons in Chicago and the 1961 Stanley Cup, but what about the numerous 50+ goal seasons as a Jet, including that one remarkable 77 goal season? What about the two AVCO Cup Championships? What about scoring 3 goals and collecting 2 assists in the Jets 5-3 upset of the Soviet National Team? What about being the premier player in the 1974 WHA/Soviet Summit Series? Bobby Hull as a Black Hawk is just part

of his legacy. This book should have included his contribution to the game as a Winnipeg Jet. Once again, it seems, the NHL is doing its best to erase the memory of that league. In much the same way Stalin removed comrades from photographs after he had them "taken care of", the NHL is ensuring any historical reference of the Winnipeg Jets in the WHA and NHL is being removed.
