KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. 5 stars easily.Von Rick AguirreThis work on John by Herman Ridderbos is simply magnificent in so many ways. It is trully a breath of fresh air in the ever stagnating pool of Johannine exegesis. I have nicknamed Ridderbos 'the razor'. And this commentary on John is the prime reason why. Ridderbos does not mess around. He shaves off the 'later reading's into

the text', to expose a true flowing narrative of John's words and redaction. Ridderbos wrestles with the theology of the 4th gospel in a way that is almost never seen in America. In short, this could possibly be the most underrated work on John of the second half of the 20th century. It has challenged my views as few commentaries have. I recommend this work highly. Kurzbeschreibung This commentary engages seriously the host of twentieth-century interpretations of John while also developing its own integral understanding of John in which the Gospel emerges as a profoundly theological work. Ridderbos presents John in its distinctively apostolic character and includes important criteria for exegesis of the Fourth Gospel.
