**Von Paul S. Kemp : The Hammer and the Blade (The Tales of Egil and Nix Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Hammer and the Blade (The Tales of Egil and Nix Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. Solid

book Von Matze E. Like most (all?) books by Mr. Kemp. Not quite as good as the Eris Cale trilogy, but still very good. Enough said.

Kurzbeschreibung A fast paced adventure redolent with the best of classic sword and sorcery tales Kill the demon. Steal the treasure. Retire to a life of luxury. Sounds easy when you put it like that. Unfortunately for Egil and Nix, when the demon they kill has friends in high places, retirement is not an option. File Under: Fantasy [ Derring Don't | Hammer Time | Family Affair | Hell Spawn ] Praise and s: Most heroes work up to killing demons. Egil and Nix start there and pick up the pace. There's enough page-turning mayhem here to sate the most avid sword sorcery fans, but the heart and strength of this story is a friendship that goes deep and rings true. - Elaine Cunningham This rollicking tale hooked me from the get-go. Told with zest and humor, this is everything that is good and golden about classic old-school fantasy yarns. It joins my precious bedside shelf of favorite re-reads, comfort food books I turn to again and again. Egil and Nix might not be the safest guys to go adventuring with, but they're sure good company. I'll be waiting for a sequel. Impatiently. Ed Greenwood Kemp delivers sword and sorcery at its rollicking best, after the fashion of Fritz Leiber's Fafhrd and the Gray Mouser. - Library Journal Pressestimmen "The structure of the story has the feeling of a classic Dungeons Dragons campaign as the heroes and supporting cast cross a wasted plateau in search of the tomb; however, the strong characters, setting, and history turn what could be a cookie-cutter adventure into a gripping tale." - Publisher's Weekly "Enough page-turning mayhem to sate the most avid sword sorcery fans" Elaine Cunningham, author of The Thorn Trilogy "This rollicking tale hooked me from the get-go. Told with zest and humor, this is everything that is good and golden about classic old-school fantasy yarns. It joins my precious bedside shelf of favorite re-reads, 'comfort food' books I turn to again and again. Egil and Nix might not be the safest guys to go adventuring with, but they're sure good company. I'll be waiting for a sequel. Impatiently." Ed Greenwood, bestselling creator of Forgotten Realms "The Hammer and the Blade is an instant classic, with its punchy sense of humor, likeable heroes, and fast-paced, creative fight sequences. Killing a demon is just the prologue and after that the real adventure begins." - City Book
