**Von See Sharp Press : The Heretic's Handbook of Quotations: Cutting Comments on Burning Issues** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Heretic's Handbook of Quotations: Cutting Comments on Burning Issues:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent Tool for Reference and EntertainmentVon Ein KundeI got this book just for a bit of amusement, but it has turned out to be an excellent reference for written papers. It smashes many historic misconceptions about famous

people (ie. founding fathers were all Christian) and provides you with sharp, smashing responses to important issues. I have only one complaint. That is mostly only leftist views are printed. Chaz Bufe did an excellent job with this book, and the illustrations are often funny too. I would like to see more work done on it in a future edition. 0 von 0 Kunden fanden die folgende Rezension hilfreich. versatile, far-reaching, worth every penny Von Ein Kunde This book is full of radical ideas. The author really did bust his butt to come up w/ a book that will compliment any economics, political "science", sociology, history, and religion class. It's a great resource for writing papers, casual reading, and of course, holding down that antigravitational device known as a coffee table. It's witty and insightful cover to cover (so rare for any publication these days). 0 von 0 Kunden fanden die folgende Rezension hilfreich. Superbly browsable Von Ein Kunde This book has been a staple of my right-next-to-the-reading-chair shelf for several years. The quotations in this book introduced me to such wonderful authors, now all-but ignored in the mainstream media, as Robert Ingersoll, H. L. Mencken, and Ambrose Bierce. Truly indispensable for those who are looking for something beyond the "Party Line".

**Kurzbeschreibung** This oversize book contains thousands of quotations on politics, sex, law, labor, capitalism, anarchism, women, religion, the arts, and 20 other subjects. Organized in chapters by subject, this book also contains an index, capsule biographies, and dozens of cartoons and illustrations. Hundreds of writers are represented, including Bakunin, Mencken, the Marxes, (Groucho and Karl), Twain, Reich, Voltaire, Shaw, Chomsky, Diderot, Bookchin, Goldman, Berkman, Paine, Kropotkin, and Bierce.
