Von Simon Barnes : The Horsey Life before purchasing it in order to gage whether or not it would be worth my time, and all praised The Horsey Life:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. for horse enthusiasts and those that wonder what the "bug" is all aboutVon CustomerOnce I started to read this book I struggled to put it down! Only way was, that I knew I was dealing with a limited number of pages. The joy of reading this book

created contemplation and that in turn generated my strength to take a break and try to make the book last a little while. (I tried and read the book over four days.)It is the story of one spirited mare as well as the description of the development of Simon as a rider and horseman. Best of all, it describes their shared riding experiences, as well as how they shared their lives, a man/horse communication at its best. By all accounts, I reckon those two were lucky to have found eachother!The stories and their wisdom tucked at my heart strings, a beautiful and happy book, I was sad -with tears in my eyes - to find I had read all and arrived on the last page.STUNNING BOOK!0 von 0 Kunden fanden die folgende Rezension hilfreich. Sehr schn geschriebenes Buch!Von desireeHat mich permanent zum lachen gebracht durch die lebhaft Beschreibung dieses (un)gleichen Paares.If you love horses and have maybe even already found your perfect match you will love this book!I could feel the energy of this horse while reading from Simons head outs

Kurzbeschreibung"All I can say is that there was something - right from the first. A stubby little mare, bright bay with remarkably large ears. A white star on her forehead shaped like Madagascar, and a huge arse..." This is the story of an extraordinary relationship - and an extraordinary horse. When Barnes buys Dolly Dolores VII, he knows he has got something special. She is feisty, restless, mysterious - sometimes crazily unpredictable. But she is also, to her owner's delight, a jumper of mesmerising poise and skill; she canters like a ballerina, gallops like a wild thing. Then, one day, Dolly does something so startling, so inexplicable that she brings her owner to breaking point. Barnes is faced with a terrible decision... The Horsey Life is about a friendship pushed to its limits; but it is also filled with larks and joy - a book which takes you right to the heart of the world of horses and those that love them.Pressestimmen"Truly illuminating... Simon Barnes understands what the horsey life is all about." Monty Roberts "The Horsey Life is humorous, life-affirming, touching and enlightening. One for lovers of horses and happy endings." Manchester Evening News "Barnes evokes the roller-coaster emotions of riding, the cocktail of fear and exhilaration, with poetic precision. The realisation that the partnership with the horse is not about domination or power but about trust has never been better described." The SpectatorKurzbeschreibung"All I can say is that there was something - right from the first. A stubby little mare, bright bay with remarkably large ears.
