The Illustrated Mum Von Ein Kunde I found the illustrated Mum very good. It is about a girl called Dolphin. She lives with her mum and her sister. It puts Dol to the test when her sister Star moves away to go and live with her dad, to look after her mother. Marigold, her mum is a party animal and isn't always good at looking after herself that's why Dol stays by her side through thick and thin. It's a fun story with romance and is ideal for girls 11 and up. A great book that also made me cry!!! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Super Buch Von Stefanie Ratcliffe Meine Tochter hat das Buch sehr gut gefallen wie alle Bücher von Jacqueline Wilson bis jetzt. Am besten geeignet sind die Bücher für 8-10-jährige.

Kurzbeschreibung Dolphin adores her mother, Marigold. She's got wonderful clothes, bright hair and vivid tattoos all over her body - a colourful lady, to match her colourful life. But Dolphin's older sister, Star, is beginning to wonder if living with Marigold's fiery, unpredictable moods is the best thing for the girls. . . .de Anything written by Jacqueline Wilson is a pleasure to read. Her unique talent for dealing with difficult subjects without a trace of sentimentality, without patronising either the reader or her characters, with spirit and with affection, always makes the arrival of a new book bearing her name a rewarding and emotionally satisfying experience. In *The Illustrated Mum*, Wilson introduces us to Dolphin, a young girl living in the wake of her tattooed mother Marigold's manic depression. With her older sister, Star, on the brink of adulthood and facing the traumas of adolescence, and her mum sinking further and further into her illness, Dol has no-one to turn to when the constant bullying at school causes her to withdraw into her own world, and she begins to cope with the reality of her life by fantasising that she is a witch. Far from being a depressing and overwhelming read, Wilson introduces her readers to another of her classic, resourceful heroines who deals with the extraordinary circumstances of her life with a mixture of humour and quiet intelligence which blossoms as the situation reaches its inevitable climax. *The Illustrated Mum* is Jacqueline Wilson at her very best, introducing a difficult subject to young readers with a compassion that initiates an understanding of a very serious problem without condescension or scare tactics.
