KurzbeschreibungThe Insider dominated the media on publication in March 2005 and instantly became a No.1 bestseller. Not only did it fill thousands of column inches with its revelations about prominent political and showbiz figures, it was critically acclaimed across the broadsheets for its unique and fascinating insight into the worlds of celebrity, royalty, politics and the media.Piers Morgan was made editor of the News of the World, the UK's biggest-selling Sunday newspaper at the record-breaking age of 28. The decade that followed was one of the most tumultuous in modern times. In a world of indiscreet dinners, private meetings and gossipy lunches, Piers Morgan found himself in the thick of it. His diaries from this remarkable period reveal astonishing and hilarious encounters with an endless list of celebrities and politicians alike: Diana, William, Charles and Camilla; Tony Blair, Cherie, Gordon Brown; Paul McCartney, George Michael and Elton John; Jeremy Clarkson, Paula Yates and Gazza to name just a few.Entertaining, engaging and compulsive, The Insider was the most talked-about book of 2005, blowing apart every notion we have of politics, media and celebrity.Pressestimmen"A right, rollicking good read" (Andrew Neil Evening Standard)"A riveting read with splendid anecdotes on almost every page" (The Times)"This is a book of historical importance" (Peter Osborne The Spectator)"A compelling read on any level, whether you want to consider the relationship between politics and the press, royal behaviour, the red-top world - or just want a good laugh" (Independent)"Funny and fabulously indiscreet, this is a book that holds up a mirror to the spinning and posturing of our celebrity age ... scurrilously entertaining" (Observer)WerbetextThe most talked-about book of the year - now in paperback
